REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Croydon:

Enrollment

Mrs. Doris Farrington is again teaching Grades 1-4 at the Village School with an enrollment of thirty pupils divided as follows:

Grade 1	8
Grade 2	10
Grade 3	5
Grade 4	7

To teach thirty pupils adequately in four different grades is really an impossibility as well as an imposition upon any teacher. The 1959 Annual Meeting removed the funds from the Budget to send Grade 4 pupils to Newport.

Had the Village School been run this year with Grades 1-3 and 23 pupils, the teacher would have had a fairer chance to do a thorough job with three grades in the room.

Teachers

A check of past records reveals that there have been nine different teachers at the Village School since 1947.

Although we are fortunate to have the services of Mrs. Farrington this year, there is no certainty that she will teach indefinitely in Croydon. In past year's when you have not been able to hire local teachers, the stay of the teachers was short and too often the quality of their work was poor. When there are no local people available, it is just about impossible to get a good teacher to teach in your present school.

You should give serious thought to this teacher problem as you consider putting thousands of dollars into a school building more than one hundred and thirty years old.

School Plant

Last year, the Warrant contained Articles to close the school and also to make extensive repairs. No action was taken on either proposal. Consequently, the act of provid-

ing suitable, up-to-date school facilities still exists—as it has for many years.

Again this year, three different proposals are in the Warrant for consideration:

1. Close the school.
2. Send Grade 4 pupils to Newport. (Of course, this means an added expense—for the cost of running the school for Grades 1-3 is about the same as running it for Grades 1-4).
3. Make repairs and improvements to the present building which was built before 1832.

Helping Teacher

The Helping Teacher continues to serve the educational needs of the school in many ways. Mr. Soucy has taken additional work during the year to fully qualify himself for giving individual intelligence tests to pupils.

Conclusion

As we enter the “soaring sixties”, we need to keep constantly in mind that educational methods and practices are changing very rapidly in a fast-moving, complex world. It is impossible to stand still. Schools—either move forward with the times—or fall backward. The young people we are training today need the best foundation we can give them. Your cooperation and interest is urgently needed to help with this vital job.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools
